PULLED GAME OUT OF FIRE

Spaulding Took Close One
From Northfield

BY THE SCORE 10 to 8

It Looked Like a Forlorn Hope in the
Early Part of the Game, But
S. H. S. Soon Knocked the
Pitcher Out of the Box.

The Spaulding high school baseball team won out in an evenly matched contest against the Northfield high school team at the trotting park yesterday afternoon, the score being 10 to 8. The game was not without errors, six being made by each side and both pitchers were punished for nine hits. Carswell of the Spaulding team made three doubles in four times at bat, while Lovett of the Northfield team got two doubles and a single in four times at bat. Most of the hits were grounders or infield pops, and the outfielders got very little chance to distinguish themselves.

Fisher pitched a much stronger game than that which he put up against Goddard a few days since and with a little more practice should get into his usual form.

The Northfield team made three runs in the first inning, while Spaulding drew a blank; in the second inning Spaulding evened the score and in the third Northfield added one, while Spaulding was unable to score. In the fourth Northfield added four more tallies on a series of hits and errors, making a total of eight, and here their scoring ended.

Spaulding added one in the fourth, was blanked in the fifth, but in the sixth the luck turned and the local players added five tallies to their string, putting them one to the good; and to clinch the matter Maiden made one more in the eighth.

The score:

Spaulding	ab	r	h	po	a	e
Griffin, I. F.	5	1	2	0	1	0
Maiden, J. B.	4	2	1	5	4	2
Knox, J. B.	5	1	0	4	2	1
Carswell, J. B.	4	1	3	1	1	0
Johnson, J. B.	5	0	1	0	3	1
Soldini, C.	4	0	0	6	2	1
Fisher, P.	2	3	0	1	1	1
Hughes, R. F.	4	1	1	0	0	0
McDonald, C. F.	1	1	1	0	0	0
Totals	34	10	9	27	13	6
Northfield	ab	r	h	po	a	e
Joslyn, R. F.	4	1	0	2	0	0
Sanborn, J. B.	3	0	2	3	0	0
R. Rogers, J. B.	4	0	1	3	1	2
E. Rogers, J. B.	5	0	1	1	2	0
Buzzell, C.	4	1	0	6	1	0
Lovett, J. B.	4	1	3	7	0	0
Ellie, J. B.	4	1	0	1	0	1
Sawyer, R. F.	4	1	2	0	1	0
Plastrede, P. F.	4	1	2	0	0	0
Totals	36	8	9	24	6	6

The Hollow Bones

of the arms and legs are tubes like a piece of gas pipe. The hollow centre is filled with soft red fatty material called marrow. This is the place where new red blood is made.

Scott's Emulsion

feeds bone marrow. The rich fat and the peculiar power in SCOTT'S EMULSION gives new vigor and new nourishment. That is why pale people improve on SCOTT'S EMULSION. It has the power to produce new red blood.

All Druggists: 50c. and \$1.00.

REPLIES TO STANDARD

Sims Replies to the Company's
Contention

ALTON REBATE HE CALLS

A Deliberate Conspiracy—The Express
Money Order Case Heard—Commis-
sion Without Jurisdiction,
Declare Companies.

Chicago, April 25.—The reply brief of the government to the appeal by the Standard Oil company of Indiana from the fine of \$29,240,000 imposed by Judge K. M. Landis, was filed in the United States circuit court of appeals here yesterday. The principal argument in the document is directed against the contention of the company that the penalty is excessive. On this point District Attorney Edwin W. Sims argues as follows:

"It was demonstrated that the omission to file the six-cent order while the Chicago & Alton was holding out to the Interstate Commerce Commission and the public that eighteen cents was the lawful rate, was part of a deliberate conspiracy by the Standard Oil company and the Alton. And can it be said that a punishment is excessive which, according to the statement of the oil company as it appears in the record of this case in this court, takes away from this company on the basis of its own net earnings for the year in which the indictment was returned not its liberty, not even its earning capacity, but the profits of its business for less than three years?"

EXPRESS MONEY-ORDER CASE.
Companies Claim That The Commission
Is Without Jurisdiction.

New York, April 25.—The hearing before Interstate Commerce Commissioner Clark on the complaint of the American Bankers' association against five of the large express companies in connection with the issuance of express money orders was adjourned yesterday to meet in Washington at some date to be named later. Arguments will then be heard upon an application by the complainants for a writ to compel the American Express company to produce practically all its books that they may be examined for the discovery of evidence to substantiate the charge. Arguments also will be heard on a motion for the defendants to dismiss the complaint. The bankers contend that the express companies, as common carriers, have no right to engage in the issuance of money orders, thereby invading the bankers' field of operation. The express companies not only deny the allegation but insist that the subject is one in which the Interstate Commerce Commission is without jurisdiction. At the hearing yesterday T. T. Chapman, cashier of the Northwestern National bank of Minneapolis, Minn., testified that the express companies practically controlled the money order and exchange business of the Northwest, and especially in the smaller towns.

HOW IT SPREADS.
The first package of Dr. Leonard's Hem-Roid (the infallible pile cure) that was put out went to a small town in Nebraska.

It cured a case of piles that was considered hopeless. The news spread and although this was only two years ago, the demand prompted Dr. J. S. Leonard of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world. It will cure any case of piles. There is a month's treatment in each box. Sold for \$1.00, with absolute guarantee. It is for sale by Rickert & Wells, Barre, Vt., or by Dr. Leonard at Co. Station B, Buffalo, N. Y.

HE LIVED 15 DAYS

AFTER HEART STAB.
Robert Inglis Was Marvel of Doctors
Who Performed the Wonderful
Operation.

Yonkers, N. Y., April 25.—Robert Inglis, the young athlete who has lived 19 days with a pierced heart, died in St. Joseph's hospital yesterday.

Inglis was stabbed during a street brawl on Sunday, April 6, by Powell Formsky, it is charged, of 365 East Seventy-ninth street, New York. The knife penetrated the heart. A remarkable operation was performed on him by Dr. Edward Duffy, assisted by Dr. Philip McCormick. The surgeons severed two ribs, cut open the pericardium and took several stitches in the heart. The stitches had to be taken between beats and the work was rendered difficult on account of the blood flowing freely.

No one expected Inglis would survive beyond a few hours, but to the amazement of physicians, the young man grew stronger daily and hopes were entertained that he would eventually recover. Thursday night he had a sinking spell and declined gradually until 8:45 o'clock yesterday morning, when he passed away. A murder charge has been preferred against Formsky by Coroner Wiesendanger.

TO SAVE WHITE MOUNTAINS

Another Effort to Preserve
the Forest Ranges

IN NEW BILL IN HOUSE

Mr. Pollard's New Measure—It Pro-
vides for the Acquisition
of Water Shed
Lands.

Washington, April 25.—A bill designed to bring about the acquisition by the government of water-shed lands in the Appalachian and White Mountain chains was introduced yesterday by Representative Pollard of Nebraska, and it intended to fall with the constitutional limits handed down recently by the house committee on the judiciary.

Mr. Pollard's bill proposes the appointment by the president of a commission of five to make investigation of water-sheds not included in existing national forests and which contain sources of navigable streams.

The president is authorized to proclaim such land to be a part of the forest reserve of the United States.

DEBATE ON FOUR BATTLESHIPS.

Senator Hale Intimates We Have Enough
Vessels.

Washington, April 25.—The debate on the proposition of Senator Piles of Washington, to increase the number of battleships authorized in the naval appropriation bill from two to four was yesterday opened by Senator Hale, who submitted a statement of the naval establishment already provided for, which he said would permit a fleet as large as that now making its way up the Pacific coast, and leave a larger fleet for the Atlantic coast. There had been authorized, he said, including the authorization of the pending bill, thirty-one battleships and a great many cruisers, many of them as large as battleships.

"I do not think," said Mr. Hale, "that senators and representatives have appreciated these facts. We are not compelled to build another great fleet in order to have protection either on the Pacific or the Atlantic."

Senator Bacon asked Senator Hale if he had any positive knowledge that the fleet now in the Pacific was to be sent around the world, and Mr. Hale replied that he had no direct and positive information, but from legislation that had been recommended he was sure the fleet was preparing to encircle the globe.

AN INJUSTICE TO WILFLEY.

The Action of the Judiciary Committee
of the House.

Washington, April 25.—Impeachment proceedings will not be instituted against Lebeus R. Wilfley, judge of the United States court for China, against whom charges of misconduct on the bench were brought by Lorin S. Andrews and other American lawyers, resident in Shanghai. The House judiciary committee yesterday by unanimous vote adopted a report of a sub-committee declaring that facts sufficient to justify the impeachment of Judge Wilfley have not been presented to the sub-committee to which the charges were referred. The report of the sub-committee, already made public is not a complete exoneration of the accused judge, but establishes that his conduct was not, with the constitutional limitations, impeachable.

PRESIDENT WILL GET

\$25,000 FOR TRAVELING

Provision Is Made for It in Sundry Civil
Bill.

Washington, April 25.—President Roosevelt will get his \$25,000 appropriation for traveling expenses. Provision will be made for it in the sundry civil bill. For a time it seemed likely nothing would be done about it, as the White House did not send in an estimate and so the House committee on appropriations ignored the matter.

Recently Secretary Loeb wrote a letter to Chairman Tawney calling attention to the situation. This drew from Tawney a rather sharp reply that the committee was not in the habit of making appropriations for which there was no estimate.

TO RUSH PAPER INQUIRY.

The House Committee Opens Its Hear-
ing To-day.

Washington, April 25.—The House special committee to investigate the print paper and wood pulp situation decided yesterday to begin its investigation to-day. Chairman Mann wired Herman Ridder, president of the Newspaper Publishers' association, and Melville E. Stone of the Associated Press, inviting them to appear before the committee. Mr. Mann says the committee has decided to try to complete the inquiry before this session of Congress ends. As late as Thursday members of the committee said the investigation would last all summer.

BUMPER CROPS INDICATED.

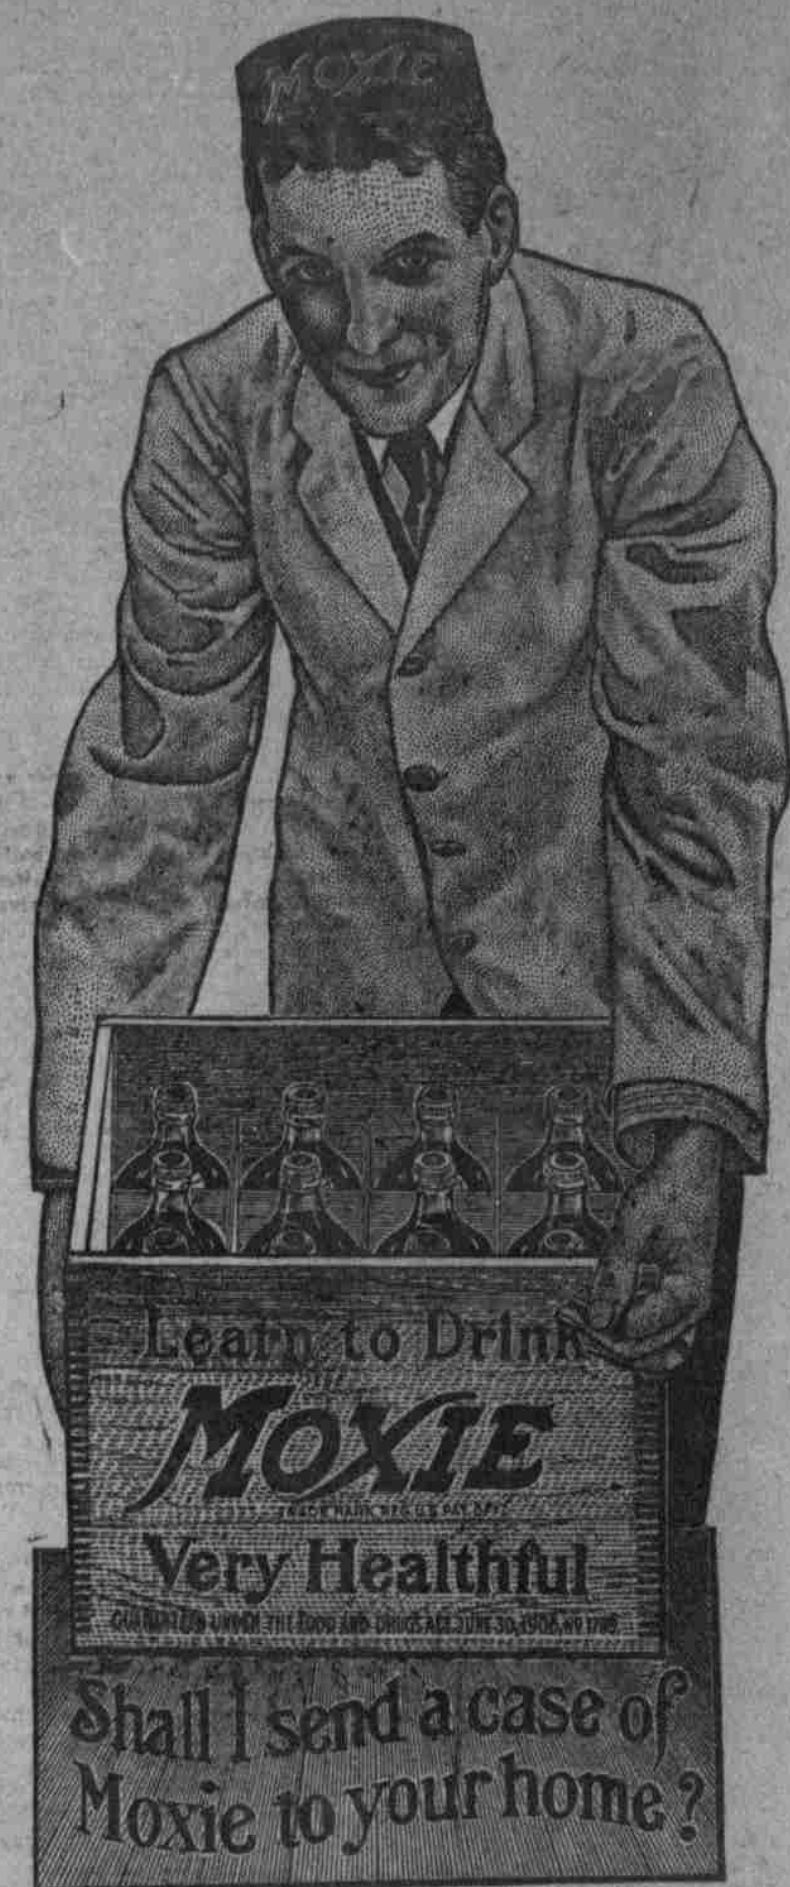

Secretary Wilson's Prediction Concerning
All Sections of the Country.

Washington, April 25.—Secretary Wilson of the department of agriculture said yesterday that his advisers on every section of the country give promise of a bumper crop this year. "We have never had a more favorable spring," he said, "and I desire to predict an unprecedented crop yield."

HOLD-UP FAILS.

Robbers Fire on Montana Train That
Wouldn't Stop.

Butte Mont., April 25.—Another attempt to hold up the westbound North Coast Limited train on the Northern Pacific at Homestead, east of Butte, was made Thursday night. The train was stopped, but wouldn't stop. A number of shots were fired into the train by the would-be hold-ups. The train came on to Butte and a posse went out in search of the robbers.

TAFT GOING TO PANAMA

His Visit Will Be of an Official Char-
acter.

Washington, April 25.—Secretary of War William H. Taft is preparing to make another trip to Panama some time in May. How long the secretary will be away is not known. If he makes the trip to the isthmus in a ship especially detailed, he will be able to get to Panama and back in twelve days or two weeks. He will probably return only a short time before the Republican national convention. Mr. Taft's business on the isthmus is of an official character.

He said he had been going to the canal zone about this time each year to take note of the progress of the work, and he was inclined to make the trip as usual. If he does go, he will give some attention to the boundary dispute between Colombia and Panama. The tentative plan is to leave here about May 15 and get back about the 10th of June. Some of the secretary's close friends say the contest for the nomination for the presidency is wearing on him and that he is exceedingly anxious to get out of the country for two or three weeks' rest.

NORTH SEA TREATY

IS MADE PUBLIC

No Change in Policy Regarding Land
Bordering on the Sea.

Berlin, April 25.—The North sea treaty signed here by the German secretary for foreign affairs, the British and French ambassadors and the Danish, Dutch and Swedish ministers to Germany was made public yesterday.

It states that the governments concerned, "influenced by the wish to strengthen the bonds of neighborly friendship between their states and thereby contribute toward the preservation of universal peace, concur in the conviction that their policy in reference to the lands bordering upon the North sea aims at preserving the existing territorial status quo."

The declaration, it is stated, will be ratified as soon as possible, and the ratifications will be handed in at Berlin not later than Dec. 31.

A memorandum attached to the declaration excludes the possibility of appealing to the declaration in any case where a state is exercising sovereign rights over its own possessions.

Want It?

Ask your doctor about Ayer's non-
alcoholic Sarsaparilla. Then you will
know whether you want it or not.

Want a nerve tonic? - Ask your doctor
